Santa Fe | The City Different and the State Capital

The oldest capital city in the United States and the oldest city in New Mexico, **Santa Fe** is well-known as a center for arts that reflects the multicultural character of the city. Tourism is a major element of the Santa Fe economy, with visitors attracted year-round by the climate and related outdoor activities (such as skiing in years of adequate snowfall; hiking in other seasons) plus cultural activities of the city and the region. Most tourist activity takes place in the historic downtown, especially on and around the Plaza, a one-block square adjacent to the Palace of the Governors, the original seat of New Mexico's territorial government since the time of Spanish colonization. Other areas include Canyon Road and "Museum Hill", the site of the major art museums of the city as well as the Santa Fe International Folk Art Market, which takes place each year during the second full weekend of July.
